

# CHALLENGER 640

Our Challenger 640 is the sleek, low-line offshore fishing machine that has a longer cockpit for you to fish your heart out. There is a practical, cosy cabin under the deck line for storage and a nap, with lockable doors if you prefer.

Blue blood anglers will delight in the fishing features of the Challenger 640. Filling the catch tank is a challenge in itself because of its enormous size... then there is the live bait tank, heavy duty stainless rod holders, side pocket rod storage and lots more.
